Cilji in kompetence:

- Slušatelji bodo dobili pregled različnih perspektiv in zgodovinskih struj, ki zajemajo razumevanje širše ekonomske vsebine
- Razviti zmožnost kritičnega in interdisciplinarnega pristopanja k relaciji med filozofskimi kategorijami, ekonomskimi koncepti in znanstvenimi pojmi
- Pridobiti nova znanja za alternativno razumevanje politično-ekonomske realnosti, njene diskurzivnosti in ideološke reprezentacije.

Objectives and competences:

- Students will gain a broad insight into different historical strands and perspectives of economic thought;
- The ability to develop a critical and interdisciplinary approach to relations between philosophical categories, economic concepts and scientific notions;
- To acquire new knowledge for an alternative assessment of the current state-of-affairs in political economy, its discourse and ideological representation.

Predvideni študijski rezultati:

Cilj predavanj bo seznaniti slušateljice in slušatelje z alternativnimi pristopi v zgodovini ekonomske misli in artikulirati nove konceptualne aparate za razumevanje politično-ekonomske realnosti sodobnega časa skozi prizmo kritične teorije institucij.

Intended learning outcomes:

The general aim of the course will be to supply students with alternative views in the history of economic thought through the articulation of new conceptual devices for a progressive understanding of the political economy of institutions conceived as a critical theory.
